A Christmas Message

From Bill

Lois joins me in sending you our most affectionate greetings on this treasured occasion of Christmas, 1968.

We of AA try to count the incredible blessings that are now ours. We thank God for our host of friends, for the opportunity to live and to serve that comes with each new day, and, most especially, for our deliverance out of darkness and bondage into the clear light of the AA way of life.

May we be ever worthy of receiving the healing spirit of the Prince of Peace in all the days to come. Merry Christmas, dear friends!

Bill
