No skipping, no slipping?

From Toronto, Ont.:

As the wife of an alcoholic, may I make a suggestion to all groups? Read *all* of Chapter Five of the Big Book at meetings.

My husband was an active member of AA for seven years, but has had seven relapses in the past year. He still attends meetings (not enough, in my opinion), but can't seem to get back to AA thinking. Very rarely do we hear all of Chapter Five, but it really hits home in this situation and is well worth the extra two minutes of time.

The Grapevine is a wonderful magazine and you are to be congratulated. Keep up the good work.
